- Sign up is first come, first served and waiting lists will apply in the event of over subscription. Once signed up for Term 1, it is assumed your child is continuing for the year in an activity. If for whatever reason, you want to withdraw your child during the year, advance notice needs to be given so that there is time to replace your child.
- Most activities will require parental supervision by means of a rota. Depending on class numbers, you might only need to do this once/twice over the year. This helps to keep costs down for the activities. Parents must be Garda vetted.
- If your place is confirmed for either the Mobile Music School or Lego clubs, then please ensure your payment to the PTA account includes your child's name and the activity you are paying for (do not make a payment until you have a confirmed place).

The image represents an example of payment form only, the name provided is illustrative and do not represent any real person.

- Parents should inform any ECA class coach about medical or additional needs and ensure that the appropriate medications are available and instructions for administration provided to the coach. Although some activities take place at WNS, responsibility for your child is transferred to the ECA coach after school. Pupils with specific emergency medications will need a separate supply with them for ECA activities than that stored for during school hours.
- Please see the PTA and School Policy on Extra Curricular Activities for all conditions and procedures. By signing up for an activity, you are agreeing that you have read, understood and agree to follow the policy and all applicable procedures.
